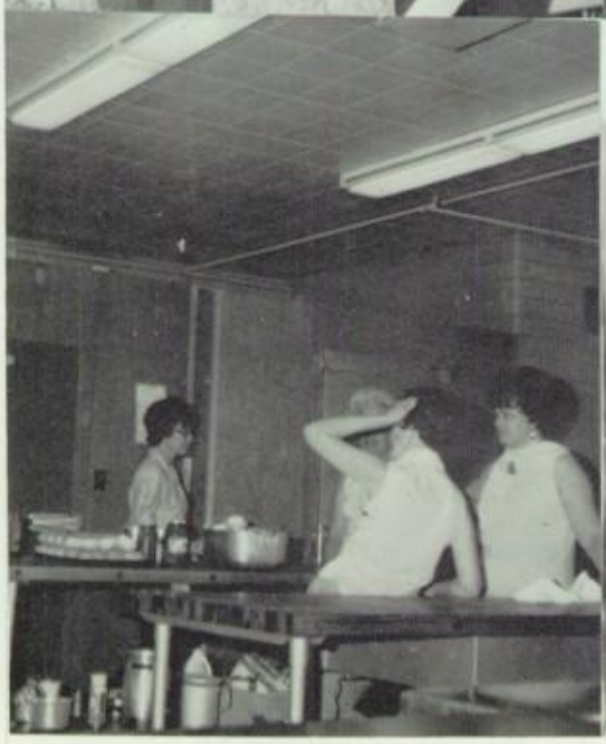
About the Speaker

He attended school at Three-Way in the years of 1948, 1949, and 1950. He is now a professional football player for the New York Jets.

We were very honored to have him back to speak for us.

"Thank Heaven he made it!"



Now we're waiting for the birds.

They have a terrible future ahead of them.

ADMINISTRATION

SUPERINTENDENT'S MESSAGE

In this changing world "Be Prepared" is a very fitting motto and there is no better way to be prepared than to get a good education. A good education depends on a lot of things, but primarily it depends on the student. It is more than good books and teachers. We must learn for ourselves how to get along with people and how to do the thing we have to do and do it when it should be done. One must acquire the qualities of enthusiasm and maturity. Without enthusiasm nothing can be achieved. Enthusiasm for work and life is an essential ingredient in any recipe for successful living. Maturity is a calm and steadfast mind and the patience with which to meet any challenge. It includes honesty and sincerity. Maturity must be acquired by the individual. Education includes the development of many qualities, but education cannot be had without striving for it. Congratulations to the annual staff for such a fine annual.

Dan H. Rankin

HIGH SCHOOL PRINCIPAL'S MESSAGE

I would like to take this opportunity to congratulate our Annual Staff for this annual. I know some of the problems and difficulties overcome this year. This school year has been difficult for many. We have had success in athletics and in scholastic endeavors. The year has been difficult but in many respects very satisfying.

J. Parsons
